Introduction	xiii
--------------	------

Part I Basics of Natural Resources

1. Differing Perspectives on Natural Resource Policy	3
Introduction	3
Preservation and Conservation	4
Goals of Conservation	9
Multiple Use, Sustained Yield	10
Use-Constrained Management	11
Human-Focused Conservation	12
Ecosystem Services	15
Ecosystem Resilience and Resistance	18
Evaluating the Success of Conservation Efforts	20
References	22
2. History of Wildlife and Natural Resource Conservation	27
Introduction	27
The Pre-European Era (Prior to the 1500s)	28
European Incursions and Early Settlement (Late 1500s to 1700)	31
Dawning of the Myth of Superabundance (1700 to the 1850s)	34
The Development of the Concept of Manifest Destiny	38
Seeds of Concern	41
The Era of Protectionism	42
The Dawning of Modern Wildlife Biology	44
Post-War Capitalism and the Move Towards Environmentalism	45
References	49

Part II Environmental Law

3. Historical Perspectives on the "Ownership" of Wildlife	55
Introduction	56
Types of Laws and How They Are Formed	56
State and Provincial Development	58

Development of Wildlife Law – Colonial Times and Earlier	58
Critical Supreme Court Decisions	59
The Pillars of Federal Law	63
Federal Right to Make Treaties	63
Federal Right to Protect Its Property	64
Federal Jurisdiction over Interstate Commerce	66
A Fourth Federal Right	66
More Recent Developments	68
What's the Bottom Line in This History?	69
The North American Model of Wildlife Conservation	69
References	73
4. A Closer Look at Key Environmental Laws	75
Introduction	75
Legislation Dealing with Endangered Species	76
The US Endangered Species Act and Forerunners	76
Other United States Endangered Species Laws	84
Endangered Species in Canada	85
Endangered Species in the States and Provinces	88
International Concern for Endangered Species	88
Other Major Federal Wildlife Laws	92
Two Acts Not Based on Ecological Need	93
Other Federal Wildlife-Related Laws in Canada	94
Laws that Focus on Habitat	95
References	99
Part III	
The Bureaucracy of Natural Resources	
5. Federal Administration in Canada	105
Introduction	106
Environment Canada	107
Organizational Structure of Environment Canada	108
More on the Canadian Wildlife Service	109
Funding of Environment Canada Programs	110
Acts Administered by Environment Canada	111
Parks Canada	112
Natural Resources Canada	115
Organizational Structure of Natural Resources Canada	116
Budget for NRCan	118
Acts Administered by Natural Resources Canada	118
Fisheries and Oceans Canada	120
Organizational Structure of Fisheries and Oceans	122
Fisheries and Oceans Budget	123
Selected Acts under Fisheries and Oceans Administration	123
References	125

6. US Department of the Interior	127
An Overview of the Department of the Interior	128
Organization of the Department of the Interior	129
Department of the Interior's Budget	129
United States Fish and Wildlife Service	132
History of the Agency	132
Organizational Structure of the Fish and Wildlife Service in Washington, DC	136
Organization Outside of Washington DC	143
Fish and Wildlife Service Budget	143
National Park Service	146
History of the Agency	148
Organizational Structure of the National Park Service	151
National Park Service Budget	153
Bureau of Land Management	154
History of the Agency	156
Organization of the Bureau of Land Management	157
Budget of the Bureau of Land Management	159
United States Geological Survey	160
History of the US Geological Survey	161
Organizational Structure of the US Geological Survey	163
The US Geological Survey Budget	167
Other Department of the Interior Agencies	167
Bureau of Indian Affairs	167
Bureau of Ocean Energy Management, Regulation and Enforcement, and Bureau of Safety and Environmental Enforcement	168
Bureau of Reclamation	169
Office of Surface Mining Reclamation and Enforcement	170
References	171
7. US Department of Agriculture	173
An Overview of the US Department of Agriculture	173
US Forest Service	175
History of the US Forest Service	178
Organization of the US Forest Service	181
How Does the US Forest Service Spend Its Budget?	186
Natural Resources Conservation Service	186
History of the Natural Resources Conservation Service	187
Organization of the Natural Resources Conservation Service	189
The NRCS Budget	192
References	197
8. Natural Resource Management at the State and Provincial Levels	199
State and Provincial Authority	199

So what do States and Provinces Manage?	201
Organization at the State Level	205
Structure within Provinces	208
Funding for State Natural Resources	210
Funding for Natural Resources in Canadian Provinces	214
References	215

Part IV

Non-Governmental Agencies, People, and Money

9. A Selected List of Non-Governmental Organizations (NGOs)	219
Introduction	219
International Organizations	222
International Union for Conservation of Nature	222
World Wildlife Fund	223
Conservation International	223
The Nature Conservancy	224
Species- or Taxon-Focused Groups	225
Ducks Unlimited	225
Pheasants Forever	226
Trout Unlimited	227
Rocky Mountain Elk Foundation	228
Mega Conservation Groups	228
National Resources Defense Council	229
Sierra Club	230
National Wildlife Federation	231
Canadian Wildlife Federation	231
National Audubon Society	232
Professional Societies	233
The Wildlife Society	234
Society of American Foresters	234
American Fisheries Society	235
Canadian Society of Environmental Biologists	236
Environmental Activist Groups	237
Friends of the Earth International	238
Greenpeace	238
The Dark Side: Ultra-Radical NGOs and Imposters	240
References	242
10. Stakeholders, Clients, and Cooperators: Who Are They?	245
Introduction	245
General Description of Outdoor and Natural Resource Use	246
Natural Resource Use in the United States	246
Canadian Perspectives	253

Factors that Affect Participation of Stakeholders	256
Gender Differences	256
Differences in Participation and Attitudes Due to Ethnicity and Race	260
Stakeholder Age	267
Other Stakeholder Characteristics	269
References	272
11. The Need for a Good Public Relations Department	277
Introduction	277
What Is a Public?	279
What Functions Do Public Relations Departments Accomplish?	282
Principles of Public Relations	284
Planning a Public Relations Program	286
Case Studies	289
Case Study 1: Know Your Public	289
Case Study 2: Tending to the Internal Public	293
Case Study 3: Science and Public Relations Can Work Together	294
Case Study 4: Working with the Local Community	295
References	299
12. The Bottom Line – Funding, Budgeting, and Planning	301
Introduction	302
The Budget Process	302
The Budget Process in the United States	303
The Budget Process in Canada	308
Planning	311
Planning in the United States	311
Planning in Canada	315
References	316
13. What Next?	319
References	323
Appendices	325
Index	337
